

For: State and County Offices**Peanut Offer Shipping Rate Table****Approved by:** Acting Deputy Administrator, Farm Programs**1 Re-Establishing Shipping Rate Table****A****Background**

Notice LP-1869 informed State and County Offices of the approved monthly storage rates, load-in, and load-out charges for peanut warehouses. Notice PS-440 provided automation instructions to State and County Offices for entering peanut offer shipping rates in the County-Maintained Table File. Notice PS-440 instructed County Offices to use October 14, 2002, as the effective date when entering the offer shipping rates in the County-Maintained Table File.

Several State and County Offices have processed warehouse-stored loans with warehouse receipts that include storage start dates before October 14, 2002. APSS is unable to calculate the storage credit when the storage date is before the effective date for the offer shipping rate.

The current peanut offer shipping rate table file must be deleted and re-entered with a revised effective date to accurately calculate the storage credit.

B**Purpose**

This notice instructs County Offices to delete the current peanut offer shipping rates, and re-enter the offer shipping rates using a revised effective date.

C**Action**

County Offices shall:

- delete the current peanut offer shipping rates with an effective date of October 14, 2002
- re-enter the offer shipping rates as provided in Notice LP-1869
- use July 1, 2002, as the effective date.

Disposal Date

March 1, 2003

Distribution

State Offices; State Offices relay to County Offices
